Dear Patient:

Thank you for allowing Noble Dreams Anesthesia to provide your anesthesia services for you. This letter is intended to inform you of our billing practice for the services you will receive. Anesthesia charges are separate from the surgeon and Columbia Gorge Surgery Center fees.

**Billing:** As a courtesy, we will bill your primary and/or secondary insurance company for your anesthesia services and make every effort to collect all charges from your insurance company. However, if your insurance company deems the anesthesia charge or the services of the nurse anesthetist as non-covered, you will be responsible for the charges.

- If we are **in network** with your insurance company, we will receive the payment and EOB (Explanation of Benefits) directly from the insurance company. You will be responsible for paying any co-pays and deductible in accordance with your insurance carrier contract.
- If we are **out of network** with your insurance carrier, the payment and EOB (Explanation of Benefits) for our services may be sent to you. You will need to endorse the insurance payment check and mail it, along with the EOB to the address listed below. As a non-participating provider, we are unable to determine the rate of reimbursement for anesthesia, thus we are unable to accurately determine what, if any, you will be responsible for. Once we receive the EOB, we will be able to make that determination. Noble Dreams Anesthesia will make every effort to collect all payments directly from your insurance company.
- Patients with **no** insurance coverage will be billed at the current self pay rate. If you wish to pay for services and not submit a claim to your insurance carrier, please contact our office to discuss payment.
- Unpaid balances after 90 days will be turned over to a collection agency (unless payment arrangements have been made with Noble Dreams Anesthesia billing office within 30 days of statement date) and the patient will be charged an additional 33.33% fee by the collection agency.
